

Collection and use of personal information

When you sign up for a IPMSeattle.com account, we collect your name, company name, address, telephone number, and e-mail address. We use this information to provide invoicing information to you, and to communicate with you about billing problems with parking spaces you may sign up for.

When you sign up for a IPMSeattle.com parking space, we collect your license plate number, make and model of your vehicle, and your credit card details. We use this information to approve your parking space and bill your card each month as long as you have a space with us.

When you pay a notice online, we collect your name, address, telephone number, e-mail address, license plate number, make and model of your vehicle, and your credit card details. We use this information to collect and authorize payments of notices issued.

Information shared with third parties

We do not share or sell your information with third parties.

Email Communication

By signing up to manage a parking space in a International Parking Management lot, you may receive monthly invoice emails indicating that your bill is due. You may also receive one-time e-mail communications concerning changes that would affect your monthly parking account.

By paying a notice online, you will receive a one-time email communication confirming that your payment has been received, and your notice has been successfully paid.

Reviewing and Changing Your Information

At any time you can correct or update your information by logging into your online account and choosing the area which you wish to update.

To protect your privacy and security, we will take reasonable steps to verify your identity before granting access to this information or making corrections.

Cookies

IPMSeattle.com uses a feature of your Internet Web browser called a cookie to assign an identification code to your computer. Cookies are files that your Web browser places on your computer's hard drive. We do not and cannot use cookies to retrieve personal information about you from your computer unless such information was knowingly and willingly provided by you. Cookies do not provide us with access to any credit card information.

Our Commitment to Data Security

To prevent unauthorized access, maintain data accuracy, and ensure the correct use of information, we have put in place appropriate physical, electronic and managerial procedures to safeguard and secure the information we collect online.

www.IPMSSeattle.com uses the industry standard encryption protocol known as Secure Socket Layer (SSL) to keep your account and transaction information secure. We use world-class encryption and firewall technology to protect your personal and billing information including name, address and credit card details to ensure they can not be read as they travel over the internet or accessed through our secure servers.

In the event that there is a problem with your purchase, the credit card company will remove the purchase from your bill and the on-line merchant is not paid. In the event that your credit card number is stolen, the credit card companies do not hold you responsible for any unauthorized purchases.

Notice of Changes

IPMSSeattle.com's Privacy Policy is subject to change without notice. At any time, you may visit our website at <http://www.IPMSSeattle.com/about/privacy.asp> to view the current policy.
